

World Rankings 2010

No. 06

02 Jun 2010

- Bonus Points are awarded to the final positions in Singles events of Olympic Games, World and Continental Championships, ITTF Pro-Tour and some other individual events. These Bonus Points remain valid for a period of 12 months.
- Players' positions on the previous ranking list are shown in () in column 2. (<<) = no change in position from the previous ranking list. (unr) = did not appear on the previous ranking list.
- Players become part of the Initial Rating process if they do not already have their "f" final Starting Points AND they have a change to their results. This change can be due to new results being added, dropped (no longer part of the current 4-year cycle), or modified to correct any error discovered. Players are marked as follows: "n" newly ranked; "i" Starting Points are the calculated Initial Points; "c" Starting Points are capped to the player's 2BW (2nd Best Win); "f" in the first list where their Starting Points have become final, having attained 5 Significant Wins and 5 Significant Losses.
- Only players who have had results in the past **12 months** are ranked. Players marked * have had no results entered for 6 months. These players may re-enter the lists if a result is entered for them in the future. Players who have no results entered for more than **4 years** are treated as new players.
- In the events list on this page: **Type**: Shows if an individual competition was played in Groups (GR), a K-O system (KO), or if it was a team event (TM).
rClass: Fixes the weighting used for the calculation of the Rating Points. **bClass**: Fixes the applied Bonus Points level.
- ^ Indicates the player is not eligible to represent the Association listed on the World Ranking list in Olympic Games, World or Continental title events or in International Team events.
