

World Rankings 2012

No. 01

04 Jan 2012

- Bonus Points are awarded to the final positions in Singles events of Olympic Games, World and Continental Championships, ITTF Pro-Tour and some other individual events. These Bonus Points remain valid for a period of 12 months.
- Players' positions on the previous ranking list are shown in () in column 2. (<<) = no change in position from the previous ranking list. (unr) = did not appear on the previous ranking list.
- Players become part of the Initial Rating process if they do not already have their "f" final Starting Points AND they have a change to their results. This change can be due to new results being added, dropped (no longer part of the current 4-year cycle), or modified to correct any error discovered. Players are marked as follows: "n" newly ranked; "i" Starting Points are the calculated Initial Points; "c" Starting Points are capped to the player's 2BW (2nd Best Win); "f" in the first list where their Starting Points have become final, having attained 5 Significant Wins and 5 Significant Losses.
- Only players who have had results in the past **12 months** are ranked. Players marked * have had no results entered for 6 months. These players may re-enter the lists if a result is entered for them in the future. Players who have no results entered for more than **4 years** are treated as new players.
- In the events lists: **Type:** Shows if an individual competition was played in Groups (GR), a K-O system (KO), or if it was a team event (TM). **rClass:** Fixes the weighting used for the calculation of the Rating Points. **bClass:** Fixes the applied Bonus Points level.
- ^ Indicates the player is not eligible to represent the Association listed on the World Ranking list in World Title events.
^^ Indicates the player is not eligible to represent the Association listed on the World Ranking list in World or Continental Title events or in International Team events.
Eligibility for Olympic and Paralympic Games is regulated separately and differently.
